

HUAMI AMAZFIT Stratos smartwatch user manual in English

Package Contents

1. Amazfit Stratos Smartwatch
2. Charging Dock
3. User Manual

Watch Parts

The smart watch consists of the main body with three buttons on its right side and a detachable strap.

Download the Amazfit Watch App

The companion app is available for iOS in the Apple App Store and for Android in the Google Play Store. Please search for "Amazfit Watch" to download and install the app.

Turn Your Watch On/Off

To turn on your watch, press and hold the button on its top right side. Your watch screen will light up and show a startup animation. The animation may play for several minutes upon initial startup.

A QR code will display on your watch screen when it first turns on. This code will be used to pair your watch with your mobile device.

To turn off your watch, press and hold the same button for more than six seconds to display the turn off interface.

Connect Your Watch

Make sure your watch is charged and Bluetooth is activated on your mobile device. Open the Amazfit Watch app and follow the setup instructions. Scan the QR code displayed on your watch screen to pair with your mobile device when prompted.

Charging Your Watch

Attach your watch to the charging base as shown below. Make sure to align the 4 charging pins on the backside of the watch with the ones on the charging base. Connect the charging base to a USB plug or computer via the provided USB cable. "Charging" will display on the watch screen once clipped in. Please use a power adapter that is rated above 5V and 500mA.

Built-In Battery Precautions

Do not attempt to replace the device's battery on your own or force open the built-in battery. Use only the official charging base to charge your device.

Safety Notice

1. The watch is water resistant with a certified 5 ATM rating. This means the device is resistant to rain, shower and may be used for shallow-water activities like swimming in a pool. However, the watch should not be used for scuba diving, bathing and sauna, or other activities involving high-velocity water or submersion below shallow depth.
2. Please do not operate the watch underwater. After submerging, dry it with a soft cloth before operating or charging.
3. The watch is not protected against chemical reagents, acidic and alkaline solutions, etc. Defects caused by liquid damage are not covered under warranty.

Disposal and Recycling Information

The symbol signifies that this product has to be disposed separately from ordinary household wastes at its end of life. Please kindly be aware that this is your responsibility to dispose electronic equipment at recycling centers so as to help conserve natural resources.

Certifications and Safety Approvals

Hereby, Anhui Huami Information Technology Co., Ltd. declares that the radio equipment type A1619 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: <https://www.mi.com/en/service/support/declaration.html>

Regulatory Notice

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

FCC ID: 2AC8UA1619

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

For more regulatory information and product certification/compliance logos related to Amazfit Stratos, please go to Settings-> About->Regulatory on your watch.

As a Xiaomi consumer, you benefit under certain conditions from additional warranties. Xiaomi offers specific consumer warranty benefits which are in addition to, and not instead of, any legal warranties provided by your national consumer law. The duration and conditions related to the legal warranties are provided by respective local laws. For more information about the consumer warranty benefits, please refer to Xiaomi's official website <https://www.mi.com/en/service/warranty/>. Except as prohibited by laws or otherwise promised by Xiaomi, the after-sales services shall be limited to the country or region of the original purchase. Under the consumer warranty, to the fullest extent permitted by law, Xiaomi will, at its discretion, repair, replace or refund your product. Normal wear and tear, force majeure, abuse or damage caused by the user's negligence or fault are not warranted. The contact person for the after-sale service may be any person in Xiaomi's authorized service network, Xiaomi's authorized distributors or the final vendor who sold the products to you. If in doubt please contact the relevant person as Xiaomi may identify. The present warranties do not apply in Hong Kong and Taiwan. Products which were not duly imported and/or were not duly manufactured by Xiaomi and/or were not duly acquired from Xiaomi or a Xiaomi's official seller are not covered by the present warranties. As per applicable law you may benefit from warranties from the non-official retailer who sold the product. Therefore, Xiaomi invites you to contact the retailer from whom you purchased the product.
